## Fishing, Shelling & Sightseeing

“Four generations and we keep coming back! Another great trip for us and our family. Captain Scott found us plenty of fish to catch and cleaned them so that we could enjoy a great fish dinner later. Sorry to be leaving Marco; can't wait to return next year.”

*jcanigal via TripAdvisor, Frisco, TX*

“THE BEST fishing charter experience! No pounding wet ride out, caught fish immediately, and friendly, courteous and extremely attentive Captain Trent. Given the choice of backwater or near shore was our call and we accepted the near shore, weather was s-o-o-o close to changing our day. Had a great time, wish that I could say that I'll be back soon and will send hundreds of customers your way, will do what I can to get the word out that YOU R THE BEST! Thanks for a great morning.”

*Tom, Cindy and Phil F., Sheboygan, WI*

“Thanks so much for providing such a wonderful backcountry charter experience! With the up-close dolphins & manatee viewing on the way to catching snook, mackerel, etc. (i.e. good dinner!), we could not ask for more. Then we still had time for shelling with our kids, and chasing fiddler crabs, all within a 4 hour charter.

*Sherri & Gregory K & family, Moses Lake, WA*

“Thank you again Captain Trent and Sunshine Tours! My husband and I took our 2 girls fishing again w/Sunshine Tours and Capt. Trent took us near shore fishing this time. We caught tons of fish and my husband fulfilled his dream of catching a shark! We had fish for days! We ate dinner twice off our catch, the froze the rest and brought it home. Our family and friends that showed up at our house the day we returned home (for the football game) were treated to a fish fry!

Thanks again SST and Capt. Trent! We will definitely be back next year!”

"Four of us went fishing with Trent this past Sunday afternoon and had a great time. Our objective was to catch dinner for all 8 of us and Trent enabled us to do that within the first hour.

He then took us to the back country and we caught a mess of excellent Redfish and one flounder.

The trip could not have been better and dinner was the best fish we've ever had.

Trent is a real fishing expert and a great Captain! Thank you, Trent"  
Charles B., Brighton, Michigan

"Just wanted to pass along a compliment to you and to let you know that we had a fantastic excursion with Captain Chaz on Wednesday. Captain Chaz was very courteous and polite and worked well with my family. He is very knowledgeable of the waters, the fish and was great with kids. We were able to catch fish in both the off shore and back water areas that we stopped at and he was a great tour guide to answer all my wife's questions about Marco. He provided us with locations of many restaurants that would take care of our catch and was extremely personable. As a business owner it is always nice to receive feed back both positive and negative on my employees and I would assume it would be for yours as well. Captain Chaz definitely represents your company very well. You have an excellent employee. Thanks for the great memories."

Dan D., Wayzata, Minnesota

"I have been fishing all over the country and Captain Dan on the Miss Louise II in Marco Island is by far the best guide I have ever had the pleasure of fishing with. Outstanding and experienced fisherman! His experience made our vacation by far the best fishing trip I have ever made in 35 years of fishing.

My son and I took a trip to Marco Island on May 8-10 and could not have had more fun with Dan. He knows what he's doing and does it better than anyone I have ever seen in the job. He's very personable and passionate about not only you catching fish, but more importantly having fun.

We took two half day charters with him and caught enough fish that we could have eaten on it ourselves for a week and a half EASY. We caught red snapper, shark, drum, mackerel and several large grouper (4 of them in one day made it back to the dock!) Dan knows his spots well, doesn't stop until the boat is EXACTLY where it needs to be to catch fish. He's also very patient and easily teaches passengers how to handle the tackle. I know that I will never take another fishing trip anywhere else as long as Captain Dan is still in Marco Island!"

“We went out with Captain Dan on Friday and Sunday. Both times were fun and we caught fish! Captain Dan was friendly, knowledgeable and helpful. He taught us a little technique and was very efficient at baiting and removing the fish from the hook. On our first trip we caught 4 groupers that were keepers and a few other smaller fish. Had some small sharks on multiple times but were never able to get them in the boat. Today, we mainly caught small grouper (too small to keep) and snapper. The most exciting part was that Captain Dan caught an 8 foot nurse shark! It was so beautiful! He offered to let any of us see what it felt like to have it on the line. We had a great day! Both days we took our catches straight to a restaurant (Pelican Bend and Snook Inn) and they cooked it up for us.”

EmmyMo4 via TripAdvisor

“We went with Sunshine Tours 2 years ago when we were in Marco and both children insisted it had to be Sunshine Tours again, and must be Captain Scott again. Both did not disappoint.

We caught enough fish to have a great meal at the Snook Inn, and also caught small shark, a ray and plenty of sheepshead - although they were a little too small to keep. When the fish were not biting Captain Scott moved on to another spot to ensure we kept getting bites. He is very knowledgeable about the wildlife and the area and pointed out different birds, dolphins, etc. during our trip.

We had a fabulous time, and would certainly recommend it to others. When we next return to Marco we will again book with Sunshine Tours.”

Luv2TravelSussex via TripAdvisor

“My wife and I went off shore fishing with Captain Chris at Sunshine Tours this past week. We had a wonderful time and Captain Chris worked hard to get us some fish. Chris took a group of five out about 8 miles stopping at a few spots and catching a few fish each time. Chris took time to educate us and take care of our fishing needs. I was able to catch a 29” gag grouper but the fish was not in season so we had to release the fish. Another gentleman caught about a 100 pound goliath grouper but that species you were not allowed to keep at all.

Once back to shore Chris cleaned our fish and then distributed the fish among the group. We took ours over to a restaurant/bar nearby and they cooked the fish for us. Never found a bone and had plenty to eat.

★★★★★ “Just had to thank you and your crew for a fabulous dining/cruising experience.

This was the best kickoff event to our week stay on Marco. There was not one negative thing said about crew, staff, food and the sights. I know the second group, my group, was happy you had stocked the bar....we think we toasted everything imaginable.

Rumor has it we will be back in about 3 years. As I had shared with you earlier, the new President does not give kudos easily and he is still raving about the success of our cruise. It was a great way for our customers to get to know one another.

Wishing you well, and I look forward to working with you again.”
